

ESSENTIAL SERVICES FOR **ASTRO[®]**, **TETRA** AND **MOTOTRBO[™]** DEVICES

SUPPORT WHEN YOU NEED IT

MINIMISE DISRUPTION AND IMPROVE CONTINUITY

YOUR NEEDS

Radio performance is critical for effective mission-critical operation. Your users rely on their radios to be available and connected. Ensuring you have a plan in place to get uninterrupted communications is critical for a smooth running operation.

As technology evolves, hardware repair and technical support capabilities are some of the critical service capabilities that are needed for your mission-critical communication systems to work optimally. Maintaining and managing radios is vital to keep your radio fleet up to date and secure.

THE SOLUTION: SERVICE CAPABILITIES

You can rely on us to help you maximise the value of your radio investments with Essential Service Packages. We bring a range of service capabilities that you can leverage to make sure your team is always connected.

INCREASING COMPLEXITY

59%

of radio managers cite increased programming complexities as a major challenge¹.

PERFORMANCE ISSUES

70%

of radio managers wait until something breaks to perform maintenance¹.

ACCESS TECHNICAL SUPPORT AND SERVICE DESK

Our experienced technologists are available to help isolate and resolve issues by offering 8x5 over-the-phone service desk technical consultation. With an extensive knowledge base, trained and certified technical engineers, this team can and provide prompt resolution to your technical device issues. At Motorola Solutions, we understand the importance of maintaining the radio fleet to its optimal performance. That's why we apply industry-leading standards to record, monitor, escalate and report technical service calls from our customers.

RELY ON HARDWARE REPAIR

With state-of-the-art diagnostic equipment, repair tools and replacement parts, your radio fleet components are protected in the event of an unexpected failure and are back in operation as soon as possible. When serviced, all radios are returned to you with original factory specifications. Plus, our service centers are certified to comply with ISO 9001, ISO 14000, ATEX, IECEx and TIA ensuring the highest quality repairs.

ACCESS TO FIRMWARE

Ensure continuous security, performance and enhanced functionality of your ASTRO®, TETRA and MOTOTRBO™ devices. Our release software updates and upgrades are certified and tested for you to download and install to maintain maximum support coverage.

ACCIDENTAL DAMAGE

Accidental Damage offers you peace of mind through full coverage, no questions asked. Water, chemical, or physical abuse are not a concern with the Accidental Damage option, so your radio repair and replacement costs are fixed and predictable.

COMPREHENSIVE COVERAGE

This is the highest level of standard support for the complete coverage of your devices. This package includes the extra benefit of one new equivalent battery per radio over the contract terms.

CUSTOM DEVICE SERVICES

We provide the flexibility to custom build a suite of services to tailor fit to your operational requirements. Please reach out to your sales representative for more information.

FOR ASSURED MISSION CRITICAL PERFORMANCE

MANAGE PERFORMANCE

Superior first responder experience with up-to-date and fully operational radios

MANAGE COMPLEXITY
